The hypothetical performance data provided herein is based on Brandywine Global Opportunistic Equity Fund for illustrative purposes only and does not represent actual performance. The Sub-advisor has constructed the portfolio of the Mackenzie FuturePath Global Value Fund in a manner that is substantially similar to the Brandywine Global Opportunistic Equity Fund however, variations in portfolio composition, strategy execution, and market conditions may result in performance differences. Advisors should be aware that actual fund performance may significantly differ from the hypothetical data shown. Past performance is not indicative of future results, and investment decisions should not be based solely on hypothetical data. The hypothetical performance data shown is as of June 2022, which is the date of the actual fund's launch.

For Advisor use only. No portion of this communication may be reproduced or distributed to the public as it does not comply with investor sales communication rules.

Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the prospectus before investing. Mutual funds are not guaranteed, their values change frequently and past performance may not be repeated.

The backward-looking information contained herein is based upon certain assumptions about past events and conditions and is intended only to illustrate hypothetical results under those assumptions (not all of which will be specified herein). Not all relevant events or conditions may have been considered in developing such assumptions. The success or achievement of various results, targets and objectives is dependent upon a multitude of factors, many of which are beyond the control of the investment advisor. No representations are made as to the accuracy of such estimates or projections or that such projections will be realized. Actual events or conditions are unlikely to be consistent with, and may differ materially from, those assumed.

The Mackenzie FuturePath funds' hypothetical performance is modelled using the historical performance of the underlying Mackenzie or Third-party Funds. Each underlying fund used for the historical hypothetical performance forms a building block for its corresponding FuturePath Fund or has a substantially similar investment structure and style as the corresponding FuturePath Fund. Where there are multiple underlying funds used to build a FuturePath Fund, the percentage allocation to each underlying fund matches the current structure of the FuturePath Fund. The hypothetical fund performance represented applies the FuturePath Series PH fees from the gross performance of the underlying Mackenzie or Third-party funds.
